Care Package Inbound, Inc
C/O Jessica Silvey
10131 Earnshaw Street
Lenexa, Kansas 66215

At Johnson County Juvenile Intake and Assessment, and for the children most in need of care, we experience some rather difficult circumstances with some of the infants, toddler's, elementary age children, and teens that come to us for services. For some of them, their backgrounds are heart-wrenching, and difficult for most people to comprehend or understand. The conditions for which some of these children are removed from their homes, or from those responsible to keep them safe and protect them, is beyond some people's logic or reasoning. It is very difficult to experience some of these situations, for children in care, that arises for our personnel at times! What does make a difference is our team of intake specialists, who welcome with open arms, and embrace these children from all walks of life, with a warm smile and a trusting nature, along with compassionate care and genuine concern for their well-being.

Notwithstanding, the overwhelming generosity, love, and community support of care bags we receive from Care Package Inbound Inc., of Lenexa, Kansas. Without these care bags, given to all ages of children we work with, something is truly just missing, as they depart from our care. These care bags provide, for these children, t-shirts, socks, personal care items, shorts or pants, leggings for girls, undergarments, a coloring book, crayons, and a stuffed animal, if age appropriate. But, more importantly these care bags provide a true sense of self-worth, a sense that someone truly cares, and something they can say is mine!

As a community partner, Care Package Inbound, Inc. always holds our program in high regard, when looking at our risks and needs within the population we serve. They are truly making a difference in the lives of young people in our community with their generous donations to our program! When we provide the care bags to children leaving, they always have a smile on their face, and express sincere appreciation for the backpacks/care bags! Thank you Care Package Inbound for all you do to make our lives and those we serve a little brighter during some rather difficult times in their lives! We so appreciate you and your generous donations to our most vulnerable populations in our community! You are truly making a difference!
